DISPLAY PRODUCTS CATALOGUE

Main advantages of display systems

Cost-effective, reusable systems

allow you to replace graphics without the need for a complete new unit.

Quick and tool-free assembly

– most products do not require any additional tools to be assembled.

Modularity – individual products available can be combined to create a consistent and compatible configuration.

Dye-Sub print on fabrics – an eco-friendly method in which the dye is absorbed into the fabric, providing vibrant, durable colors and detailed designs on polyester textiles. The print is fade-resistant, durable and environmentally friendly.

Innovative display systems for effective branding

Modular and mobile advertising systems are a versatile tool for professional brand presentation at trade fairs, conferences or outdoor events. The offer includes, among others, textile walls, LED backlit panels, display stands and other elements that meet the needs of companies in various sectors.

Many years of experience and excellent knowledge of the market allow us to create solutions that combine high quality workmanship with modern, functional design. Ready-made sets are reliable, easy to use and allow for efficient promotional activities without the need to hire specialized teams.

Both advertising agencies and corporate clients appreciate the intuitiveness of installation – all systems are designed to make installation quick and possible even for people with no prior experience. Of key importance is the ease of transport, configuration and aesthetics that emphasize the professional image of the brand.

Continuous technological development and high quality standards translate into durability, functionality and modern appearance of the solutions offered – all to support effective and impressive visual communication of the brand.

Roll-up and Fabric Banners

Mobile media for quick and impressive brand presentation

Standard Roll-ups

Classic systems with graphics on PVC or polypropylene material. Lightweight and stable design allows for instant set-up in any space. Ideal for repeated use.

Fabric roll-ups

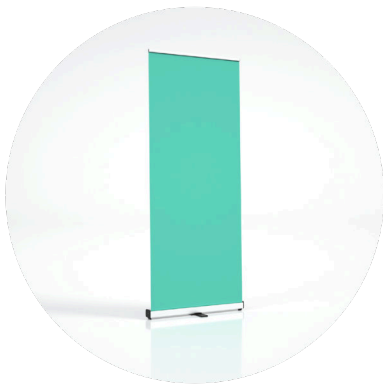

A modern alternative with print on fabric stretched over an aluminum frame. They provide a unique visual effect and easy replacement of graphics. The design is lightweight, durable and aesthetically pleasing – perfect for premium displays.

LED stands

Illuminated stands with textile graphics attract attention with dynamic lighting. Ideal for prestige displays and high-traffic areas. High quality LED light ensures even illumination of the entire surface.
